PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER, SIX PAYMENT SERVICES, ZÜRICH | SINCE 06/2019

At Six Payment Services, I work in the Saferpay team, enhancing and maintaining a payment solution for online transactions. I am responsible for defining, programming and testing using stories.

DATA WAREHOUSING ENGINEER, ELCA, ZÜRICH | SINCE 01/2018

In the Viacar project, I was responsible for migrating 3 terabyte of data from a legacy system to a new one for the "Strassenverkehrsämter" of 6 swiss cantons. The migration was complex.

FULLSTACK DEVELOPER, ELCA, ZÜRICH | 06/2018 - 11/2018

In the same project, I also worked 5 months 50% of the time as a fullstack developer. In this role, I mainly fixed bugs and developed new features of the web application (frontend and backend tasks).

DYNAMICS 365 INTEGRATOR, ELCA, ZÜRICH | 09/2016 - 01/2018

For 3 different clients in various industries (private banking, oil and gaz and healthcare), I developed batch interfaces for data integration and customized the CRM system for sales automation.
